

**Alterations for Comfort, Convenience, Mobility**

Abiliquip can repair, add or alter your wheelchair, vehicle, (or almost anything) to add a feature, or improve how it works for you.

Examples include:

- Reversing sensors
- Cruise control
- Seating height/ power adjust/ mods
- Wheelchair modifications
- Hand Controls, Left Foot Accel'trs
- Electric boot openers
- Lightening brakes, steering
- Support grips
- Transfer aids

**New Products !**

- *Configurable wheelchair with suspension*
- *Foldable power chair*
- *Hi-tech steering / brake / throttle*
- *New wireless spinner*
- Dual controls
- Chair or Scooter lifts

*We are an official installer for Autoadapt, B&S and Paravan*

Elderly and limited mobility people in particular find these changes very helpful.
