

To all our customers, partners, suppliers, and supporters:

2014 has been another year of growth in many ways.

Igor and I have both spent some time in much longer established parts of the world, and it has been amazing to be working with and contributing to the mobility scene on such a wide stage from here in NZ.

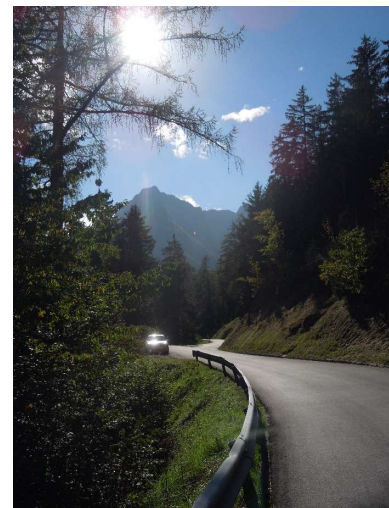

We want you to know we *really* appreciate that your continuing support (NZ and all markets) over the years is what has built the base to launch our global progress.

2015 promises a lot more action, and we hope you'll stay with us !

We have new staff on board, and expect significant further growth to meet demand and opportunities.

If you are passing through Christchurch, drop by and say hello. And keep an eye on our Facebook and website pages for regular updates – we'd love to see you correspond on our facebook page with ideas and feedback! There will be quite a few new products and services we will be announcing from our wider international focus.

Thanks to you all ! Keep safe, and see you again in the New Year !

3/100 Carmen Road, Hornby, Christchurch, New Zealand support@abiliquip.com

Rehacare Trade Show, Dusseldorf Germany

We hope you have had the opportunity to enjoy some moments like this in your year...

tranquillity and beauty

soaring

noticing small things

Igor Greg Brent and Michael
